FRUIT MARKET
WHAT CHANGED

This pack brings the earlier printing (the rules 15 printing, with or without its rules 17 update pack) up to rules version 19, the rules the app plays by. Print at 100% (actual size) on A4 card. Keep your board, shutters, fruit pieces, price tags and markers.

IN THIS PACK

- **This sheet** (pages 1 and 2 of the boards file).
- **Six stall sheets** (pages 3 to 8) and **six counters** (pages 9 to 14, one to a page, landscape; cut along the dashed line). Print them single-sided. Each counter carries that stall's **cash track**, so cash sits in front of the shutter where everyone can read it. If you printed these from the rules 17 pack, keep those: nothing on them changed.
- **58 replacement cards** (the cards file: 8 sheets, double-sided, flip on the long edge).
- **The rules guidebook**, whole, at rules version 19.

FOUR DECKS ARE REPLACED WHOLE

The new cards are in the new card design and have a new back. A deck must have one back, so put the whole old deck away. Do not mix new cards into an old deck.

DECK	PRINT	WHY
Standing orders	8 cards, 1 sheet	Every card changed: the fine is now a stake.
Upgrades	30 cards, 4 sheets	New costs and words: Juice Bar $6, Handcart $6, Premium Display $5, Ripening Room $4, Order Book $3.
Shopkeepers	8 cards, 1 sheet	Four perks changed: Charmer, Tip Jar, Nest Egg, Sharp Ears.
Favours	12 cards, 2 sheets	Favoured Trade is now played after the prices flip. Favour cards are held in secret, so the whole deck needs one back. The deck is 12 cards at every table size.

6 CARDS TO CORRECT BY HAND

Write the change on the old card. Or print that whole deck from the print kit (print/kit) and put the old deck away.

DECK	CARD	CHANGE
Customers	**No 07 · Coral Mei**	Blueberry price: $4 (the card says $3).
Customers	**No 10 · Magic Kumar**	Blueberry price: $4 (the card says $3).
Customers	**No 12 · Professor Pebble**	Blueberry price: $4 (the card says $3).
Lorries	**Summer Run (now called Berries and Melons)**	Apples at 5 stalls: 2. At 6 stalls: 2 (the card says 1 and 1).
Lorries	**Short Load**	Watermelons at 3 stalls: 2 (the card says 1).
Events	**Blueberry Glut**	Add: blueberries cost $1 less at the Wholesale Market that day (never below $1).

Every other customer, guest, lorry and event card plays as printed. The new printing words some of them differently; the rules are the same.

THE RULE CHANGES SINCE THE RULES 15 PRINTING

1. **Tomorrow's customers come out in the morning.** When you turn over tomorrow's lorry, also deal tomorrow's row below today's: one regular face up and the walk-ins face down. Everyone buys knowing both days. (Before: tomorrow's row was dealt at Stocking.)
2. **Standing orders are bid for in the open.** To bid, write your price on a tag and lay it face down in front of your shutter. To pass, say "pass". Everyone can see who is bidding and who has passed, never the price. You may change your tag, take it back or put one down for as long as any stall is still deciding. When the last stall decides, flip all tags: the lowest bid wins.
3. **A stake, and rivals are not involved.** The winner puts down the card's stake when it wins. On the due day the order takes pieces from the winner's crate only. Deliver every piece and the stake comes back; deliver fewer and it is lost. There is no other fine, and a rival's fruit is never taken.
4. **Cash is public and lives on the counter.** Keep your Tens and Ones markers on your counter's cash track.
5. **No order that cannot be collected.** Do not turn over a standing order if its due day would be after the last day (in a Standard game, none on day 9).
6. **Out of cash.** At dawn, from Day 2, a stall with an empty shelf and less than $5 is topped up to $5 by the bank.
7. **Favoured Trade is played after the prices flip**, in the open, by a stall with a tied price.
8. **What a stall buys is seen only while it buys.** After buying it is hidden with the rest of the shelf.
9. **Days 1 and 2 have no mango customers**, and Mango Craze is never Day 2's event. A green mango costs $4.
10. **One favour deck of 12** (2 of each card) at every table size.
11. **The evening, everyone at once.** Every stall decides its evening at the same time and says "lights out" when done. Any number of stalls may play Priority, one card each: the one earliest in today's buying order goes first tomorrow; the other Priority cards go back to their owners' hands.
12. **Standing orders: a higher bid, a smaller stake.** Every standing-order card allows a highest bid $2 higher and asks a stake $2 lower than the rules 18 cards (the replacement cards carry the new numbers).

All five upgrade piles are on offer after each Market Day. The guidebook lists every change and ruling of rules version 19 under "What is new".

NOTES FOR YOUR BOARD AND SHUTTERS

The board and shutters still read as before. Cut these out and lay or tape them over the old words:

1 MORNING
Today's event (from Day 2). Top up a stall that is out of cash. Unload the lorry. Turn over tomorrow's lorry and deal tomorrow's customers. Market Day: bid for the standing order.

3 STOCKING
Turn today's walk-ins face up. Behind your shutter, move the pieces you will sell into your crate. Say how many, not which fruit.

EVENING
All stalls at once: play evening favours, build an upgrade after a Market Day, then say "lights out". Several Priority cards: the earliest in today's buying order goes first; the others go back to hand.

STANDING ORDER
Bid in the open: a tag face down, or "pass". Change your mind until the last stall decides. The winner puts down the stake: back if it delivers every piece, lost if not.

GREEN MANGO: $4
Lay this over the price in both green boxes of the mango lane on the board. A green mango costs $4 (the board says $3).

GREEN MANGO: $4
The second green box. A green mango costs $4.

STALL STRIPES

Top row = your crate: on sale today, secret until the bell. **Bottom row = your shelf:** kept back. 8 pieces in all (10 with a Handcart).
